K: Have you seen one of these thatch reports of how []
] his reacting to our maneuver there?

S: I have not seen it.

K: It was sent to you because apparently there was some fast switching
we don't even know about. There is a message here , one thatch
message of 9 June 1976, about [] in
which it names that 2 US officials are involved.

S: Yes.

K: Have you seen that?

S: Yes.

K: Who are they?

S: I don't know.

K: Ask George Bush.

S: He doesn't know.

K: How do you know?

S: NSA deletes it.

K: What do you mean?

S: That is what we are working on.

K: What do you mean NSA deletes the names.

S: On instructions from the Attorney General. They are Americans.
Privacy of information. Unbelievable.

K: This is a clear case where somebody has blabbed.

S: That is right. That is what they are doing on all these. They have
taken all the names out so the thing makes absolutely no sense at all.

K: Can you find out?

S: Yes.
